

PRODIGY ADVANCE - DCC11Extension Plate

- EXTENSION PLATE
- ALLOWS YOU TO USE ADDITIONAL WALKAROUNDS
- OFFERS GREATER OPERATIONAL FLEXIBILITY

INSTALLATION

Mount the Extension Plate at the edge of your layout, either on to the top face of your baseboard or its front face as you prefer. Cutting a 110 x 30mm hole in your baseboard will accommodate the Extension Plate with a flush fit. Use the cable included to connect one of the **back** sockets of your Extension Plate to your BASE UNIT. Plug your WALKAROUND into one of the **front** sockets of your Extension Plate. The second front socket can be used for another WALKAROUND and the second back socket can be used for connecting to a second Extension Plate if you wish.

WARRANTY AND REPAIR

If you believe your Extension Plate is faulty, please telephone us in the first instance. We will advise you of your best course of action. If it involves sending anything back, please send it to the address below via insured post and packed securely.
